About us

Asarity Safety Wear Solutions Limited is a Zambian supplier of Personal Protective Equipment (PPE), industrial workwear, and workplace safety solutions dedicated to supporting organizations in creating safer and more productive working environments. The company serves corporate, institutional, and commercial clients across a range of industries by supplying quality safety products that meet operational requirements and contribute to improved occupational health and safety practices.

At Asarity, we recognise that every industry presents unique workplace hazards and operational challenges. For this reason, our approach extends beyond supplying PPE products. We work closely with our customers to understand their operating environments, identify appropriate protective solutions, and provide dependable products that enhance employee safety, support regulatory compliance, and improve operational efficiency.

Our business is founded on professionalism, reliability, integrity, and customer-focused service. We are committed to building long-term partnerships by delivering responsive customer support, competitive pricing, quality products from trusted manufacturers, and reliable supply arrangements that enable our clients to focus on their core operations with confidence.

Asarity continues to strengthen its capability as a trusted workplace safety solutions provider by investing in product knowledge, customer relationships, and structured business development systems that support sustainable growth and long-term value creation for our customers.

Our Understanding of Your Operations

WORKPLACE SAFETY SOLUTIONS FOR THE TRANSPORT & LOGISTICS INDUSTRY

The transport and logistics industry plays a vital role in supporting economic growth by ensuring the efficient movement of goods, equipment, and essential services. Whether operating long-distance haulage fleets, distribution centres, warehouses, courier services, fuel transportation, or fleet maintenance workshops, organisations within this sector depend on safe and efficient operations to maintain productivity and service delivery.

These operations expose employees to a wide range of occupational hazards, including vehicle movements, manual handling activities, loading and offloading operations, working at height, mechanical maintenance, hazardous substances, adverse weather conditions, and extended periods of work in high-risk environments. Effective workplace safety therefore requires more than compliance with safety regulations, it requires appropriate Personal Protective Equipment (PPE) that is suited to the specific tasks performed by employees.

At Asarity Safety Wear Solutions Limited, we work with transport and logistics organisations to provide PPE solutions that support operational safety, workforce protection, and business continuity. By understanding the unique risks associated with different operational functions, we are able to recommend products that are practical, reliable, and appropriate for each working environment.

PPE SOLUTIONS ACROSS YOUR OPERATIONS

Operational Area	Common Workplace Risks	Recommended PPE Solutions
Long-Distance Drivers	Roadside emergencies, poor visibility, adverse weather	High-visibility reflective wear, safety footwear, gloves, rainwear
Warehouse & Distribution Centres	Manual handling, slips, trips, falling objects	Safety boots, gloves, hard hats, reflective clothing
Loading & Offloading Operations	Crush injuries, moving vehicles, lifting hazards	Safety boots, industrial gloves, helmets, reflective apparel
Fleet Maintenance Workshops	Mechanical hazards, oils, sparks, sharp objects	Cotton workwear, safety boots, welding gloves, eye protection, hearing protection
Fuel & Chemical Handling	Chemical exposure, fire risks, spills	Chemical-resistant gloves, goggles, protective clothing, respiratory protection
Yard & Depot Operations	Vehicle movement, poor visibility, impact hazards	Reflective clothing, hard hats, safety footwear, gloves
Supervisors & Site Visitors	Exposure to operational hazards	Safety helmets, reflective vests, safety footwear, visitor PPE

Our Product Categories

Asarity offers a comprehensive range of workplace safety products designed to meet the operational requirements of transport and logistics organisations.

Safety Footwear

Industrial safety boots and safety shoes designed for durability, comfort, and protection in demanding work environments.

Industrial Workwear

Quality work suits, coveralls, two-piece workwear, and protective clothing suitable for operational and maintenance personnel.

High-Visibility Clothing

Reflective jackets, reflective vests, rainwear, and high-visibility apparel designed to improve worker visibility in low-light and high-traffic environments.

Hand Protection

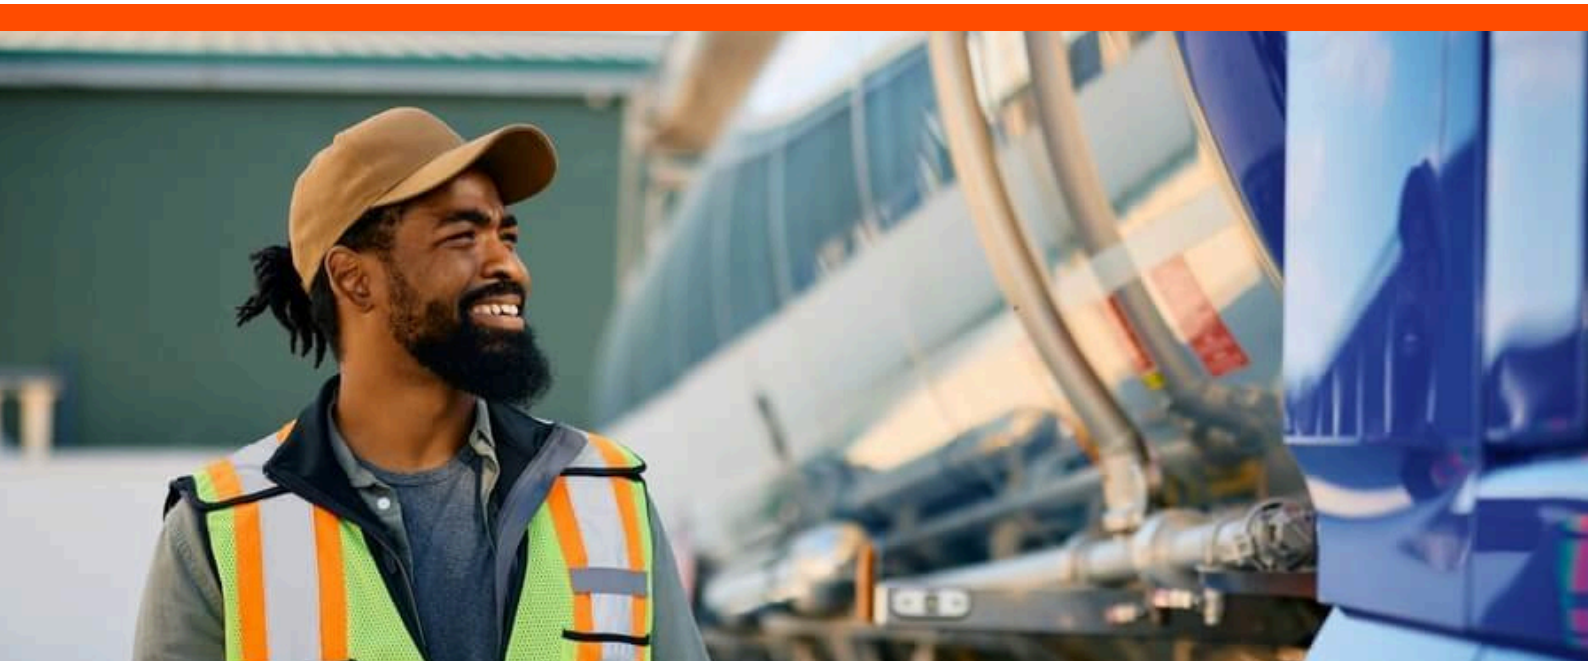

PVC gloves, nitrile gloves, leather gloves, welding gloves, and general-purpose industrial gloves for a variety of workplace applications.

Head, Eye and Hearing Protection

Safety helmets, protective eyewear, face shields, earmuffs, and earplugs to reduce exposure to workplace hazards.

Respiratory and Weather Protection

Respirators, disposable face masks, waterproof clothing, and protective rainwear for specialised working conditions.

Partner With Asarity

Delivering Workplace Safety Solutions You Can Depend On

At Asarity Safety Wear Solutions Limited, we believe that successful business relationships are built on trust, professionalism, reliability, and a shared commitment to workplace safety. We recognise that transport and logistics organisations require more than a supplier of Personal Protective Equipment, they require a dependable partner who understands their operational environment, responds promptly to their requirements, and consistently delivers quality products and professional service.

Whether supporting a transport fleet, warehouse operation, distribution centre, logistics depot, or maintenance workshop, our objective is to provide workplace safety solutions that help protect employees, support operational continuity, and contribute to improved productivity.

By combining quality PPE, responsive customer service, and a structured approach to corporate supply, we aim to become a trusted long-term partner for organisations operating within Zambia's transport and logistics sector.

Our Service Commitment

Our Commitment	What This Means for Your Organisation
Professional Customer Service	Responsive communication and dedicated support throughout every stage of your procurement process.
Quality PPE Solutions	Carefully selected products sourced from reputable manufacturers to meet your operational safety requirements.
Prompt Quotations	Timely preparation of clear, competitive, and accurate quotations to support efficient procurement decisions.
Reliable Supply	Dependable product availability and coordinated delivery arrangements to minimise operational disruptions.
Technical Product Support	Guidance in selecting PPE appropriate for specific workplace hazards and operational activities.
Flexible Corporate Supply Arrangements	Support for supplier registration, framework agreements, scheduled deliveries, and long-term supply partnerships.
Integrity and Accountability	Honest communication, ethical business practices, and a commitment to delivering on our promises.

Our Corporate Supply Process

Working with Asarity is straightforward and designed to support your procurement processes.

Step 1 – Initial Consultation

We engage with your organisation to understand your operational activities, workplace safety priorities, and procurement requirements.

Step 2 – PPE Needs Assessment

We identify the PPE solutions most appropriate for your workforce, operational risks, and working environment.

Step 3 – Product Recommendation and Quotation

Based on your requirements, we prepare a detailed quotation and recommend products that provide the best value and protection.

Step 4 – Order Confirmation and Processing

Upon receipt of your Purchase Order or approved order confirmation, we process your order promptly and coordinate preparation for delivery.

Step 5 – Delivery and Customer Support

Products are delivered in accordance with agreed arrangements, followed by responsive after-sales support to ensure customer satisfaction and ongoing partnership.
